No. 3411

PRODUCT: TIS 011 Release Agent
CATEGORY: Truckbed Coating Material (tested at 30:1)

Your product was submitted for review to the Product Evaluation Committee of the Oregon Department of Transportation (ODOT). In reviewing your product, we have determined that it appears to be suitable for the intended use.

We are adding your product to our Qualified Products List for the category listed above.

This product approval is based on the submittal made at this time. Changes or modifications to the product, however minor, nullify this approval. You are expected to furnish the product for use on each project with the same features and options as included in our review until such time as you get approval for the proposed changes.

The information you have provided is on file at the ODOT Materials Laboratory. Please keep us advised on any changes regarding this product so that we may keep our files current.

If you have questions, please contact me at the Materials Lab 503-986-3059.

Thank you,

Mike Dunning
New Products Coordinator
